SUMMARY

Frontend Developer with 5+ years of experience in building AI-driven platforms, e-commerce solutions, and cross-platform applications using React.js, Next.js, and React Native.

EXPERIENCE

Frontend Developer

Polar Frequency

May 2024 – Present, UAE, Dubai

- Built a CV comparison feature to optimize candidate shortlisting by integrating an AI-powered tool to analyze and compare CVs, increasing recruiter efficiency by 30%.
- Integrated webcam functionality for real-time user recording during AI interviews using WebRTC and media APIs, maintaining 99% uptime.
- Strengthened platform security by implementing security headers like X-Frame Options, CSP, and Permissions Policy, achieving a 100% secure audit rating.
- Added multi-language support with Turkish and German translations using i18n libraries, expanding the user base by 20%.
- Designed and developed the UI for an AI-driven interview platform to automate CV evaluation, interviews, and result generation using AI tools like Heygen, reducing hiring time by 50%.

Frontend Developer

Sterling Bank

February 2022 – June 2024, Lagos, Nigeria

- Maintained and enhanced the Unify platform to improve user engagement and functionality by adding features like Google Analytics for tracking, Flutterwave payment integration, and instructor/learner portals using Next.js, increasing user retention by 25%.
- Rebuilt the platform from "Certifications by Unify" to "Verticul" to expand its scope and usability by introducing new features like a job portal, discount systems, sponsorships, gifting, and donation modules, boosting platform adoption by 40%.
- Developed a certificate and course tracker to enhance learner progress monitoring by designing intuitive dashboards and integrating real-time progress updates, improving course completion rates by 30%.
- Integrated Flutterwave payment gateway to enable seamless transactions by connecting the platform to Flutterwave's API and ensuring secure payment processing, achieving a 98% payment success rate.
- Boosted platform visibility to attract more users by integrating Google Analytics for tracking user behavior and optimizing marketing strategies, increasing organic traffic by 25%.

Frontend Developer and Mobile Developer

Sanmtos Innovations

January 2021 – June 2022, Lagos, Nigeria

- Developed a farm produce e-commerce platform to streamline online ordering and delivery processes by building features like product catalogs, order tracking, and payment integration using React.js and Context, increasing platform transactions by 40%.
- Integrated payment gateways to facilitate secure and seamless transactions by connecting Paystack using RESTful APIs, achieving a 98% payment success rate.
- Built and maintained admin and merchant dashboards to empower stakeholders with real-time insights by developing role-based access controls, analytics panels, and inventory management tools, improving operational efficiency by 30%.
- Migrated web functionalities to mobile to expand platform accessibility by leveraging React Native to create cross-platform mobile applications, increasing mobile user engagement by 50%.

Frontend Developer

Vsonet Groups (Software Training Institute)

January 2020 – February 2021, Lagos, Nigeria

- Redesigned and developed the company website to improve user engagement and streamline enrollment processes using HTML, CSS, and JavaScript to implement mobile-first design, event booking integrations, and dynamic UI components, reducing page load time by 25%.
- Improved SEO rankings by 15 positions to attract organic traffic by optimizing metadata, alt tags, and content structure, generating 200+ monthly website visits.
- Automated event scheduling workflows to reduce administrative tasks by building JavaScript-powered booking and payment systems, cutting manual workload by 20 hours/month.

EDUCATION

Masters In Information Technology

University of Lagos · Lagos, Nigeria · 2026

Professional Diploma In Software Engineering

National Institute of Information Technology · Lagos, Nigeria · 2023

Bachelor of Science

University of Lagos · Lagos, Nigeria · 2019

SKILLS

Soft Skills: Problem Solving, Critical Thinking, Team Collaboration, Agile, Effective Communication, Time Management, Attention to Detail, Continuous Learning, Adaptability, Minimal Supervision, Leadership, Decision Making, Conflict Resolution, Analytical Thinking, Creativity, Stakeholder Communication, Mentorship, Collaboration, Flexibility, Multitasking, Self-Motivation
